Treasures and dreams
are trapped tight
in the safety net of your mind
And all the small fears
That you fight
are revealed despite all your might

I still feel, feel greatly for you
Just let yourself breathe
And you'll find an opening of your eyes

I know that we'll devise a way.

We are wandering, we are wandering
Lilting and volatile
Hope is in sight
We are wandering, we are wandering
Sail at an untouched height
only you can take me higher
take me higher

A mind full of kindness and good
You're slightly misunderstood
intention are sweet, but you should
stop loving me like I could

Like I could steal, steal something from you
We're a wondrous two
And we'd soar
if you just believed in me more

Don't tell them what they wanna hear

We are wandering, we are wandering
Lilting and volatile
Hope is in sight
We are wandering, we are wandering
Sail at an untouched height
only you can take me higher
take me higher

We can calm these turmoil things

Crack the stone walls in your head
We can put your worries to sleep
And then we'll run like hell
To make it out of this

We are wandering, we are wandering
Lilting and volatile
Hope is in sight
We are wandering, we are wandering
Sail at an untouched height
only you and I
We are wandering, we are wandering
Lilting and volatile
Hope is in sight
We are wandering, we are wandering
Sail at an untouched height
Only you can take me higher
Take me higher
