It's just a matter of time before you notice the way I tip  
my hat.

I think it would be right for you to try it on before you  
take it back.

You could call me lady or you could call me something  
els like that.

I'm feeling kind of warm maybe I am blushing. It's the  
way I tip my hat.

[Chorus:]

You're so so fresh even when you drop it you do it like a  
man.

And now your just a boy but I can hardly tell but no one  
really cared.

I'm always in the way. Maybe it's on purpose so tell me  
where to go.

Get me fired up 'cause I could drink some water so  
show me what you know.

You could call me lady or you could call me something  
els like that.

I'm feeling kind of warm maybe I am blushing. It's the  
way I tip my hat.

[Chorus]

In my limbs, in my limbs. I could feel it in my limbs.

There's a tingle in my fingertips.

In my bones, in my bones I could feel it in my bones.

There's a trigger deep inside up in.

[Chorus x2]
