What!
What!
What!!
Come on now!
Stand tall for the beast of America.
Lay down like a naked dead body,
keep it real for the people workin' overtime,
they can't stay living off the government dime.
Stand tall for the people of America.
Stand tall for the man next door, cuz
we are free in the land of America,
we aint goin' down like this. Come on Now!
Come on People,
That Means you
Come on people!
Stand tall for the beast of America.
Lay down like a naked dead body,
keep it real for the people workin' overtime,
they can't stay living off the governments dime.
Stand tall for the people of America.
Stand tall for the man next door, cuz
we are free in the land of America,
we aint goin' down like this. Come on now!
Okay
Okay
We will be right to you,
We will be right to you,
We will be right to you, and together we can stand up to
the beast.
You see...Suppression is a mother f*cking prison
And I hand you the key to your cell,
You've got to love you neighbor, love your f*cking
neighbor.
And let your neighbor, love you back.
Come on now!
Stand tall for the beast of America.
Lay down like a naked dead body,
keep it real for the people workin' overtime,
they can't stay living off the governments dime.
Stand tall for the people of America.
Stand tall for the man next door,
Cause we are free in the land of America,

we aint goin' down like this. Come on now!
