We left on a note  
But no one's singing  
Better off alone  
Made no excuses, you made your escape  
No explanation, how dare you?  
Out of my bed and off down the stairs  
The back of your head was a clear view

(Chorus)

Four floors apart  
But we just keep missing  
Two worlds in half  
And I'm still wishing  
Four floors apart  
And I'm still wishing  
To see your face again  
Wonder just what I'd say

Would have, should have...

If only I could

One more second of your time  
Never a word was spoken between us  
That gave us a reason, only goodbyes  
Out of my bed and off down the stairs  
The back of your head...  
But it's all right

(Chorus)

Same nights, same skies  
Same four walls  
Same old stories, same old lives  
Heard it all  
Wonder what I'd...

(Chorus)
