I, I'm a... on my arm
I don't know
Am I walking home alone?
Cause you, you just come and go, you just come and
go
That could be like the same song on the radio
Fats forward, and rewind,
Play it all again, play it all again, and again
When there's
High, low, high, low, high low

Chorus:
I get up, fall down
I hit the roof, and land on the ground
Come here, shout out
You walk the world a little too much
Oh, oh, how I'm gonna let him go?
The boy is got me high and low
how I'm gonna let him go?
The boy is got me high and low

Kiss somebody, turn out the lights,
cause this room is spinning around
I find it hard not to like
The way you.. around
So, is the official run around
Should I go and get a rope to tie you down
Cause you, you just come and go, you just come and
go
That could be like the same song on the radio
Play the song again, play it all again, and again
When there's
High, low, high, low, high low

Chorus:
I get up, fall down
I hit the roof, and land on the ground
Come here, shout out
You walk the world a little too much
Oh, oh, how I'm gonna let him go?
The boy is got me high and low

how I'm gonna let him go?
The boy is got me high and low
High, low, high, low, high low
