The time we spent apart is killing me
It hurts to know we are apart

Cos I never meant to hurt you
I didn't mean not to try
Never really wanna lose you
Don't really wanna see you cry

Losing you is the hardest thing I'll ever have to do
And it makes me cry when I look in your eyes it's true
We can make it work we can make it last forever
Without you here I die when we're not together

Everywhere I go reminds me of you
Everything I do hurts without you

And I'm feeling so empty inside
And this feeling is hard to hide
Never really wanna lose you
Don't really wanna see you cry

Losing you is the hardest thing I'll ever have to do
And it makes me cry when I look in your eyes it's true
We can make it work we can make it last forever
Without you here I die when we're not together

Losing you is the hardest thing I'll ever have to do
And it makes me cry when I look in your eyes it's true
We can make it work we can make it last forever
Without you here I die when we're not together

Not together

Not together

Not together
