Hang on to your crucifix  
Step into a world, a world of tricks  
Punishment for your life of crime  
Calling out but I'm out of time

And I see no evil in this lonely town  
And I hear no people coming around

And I'm reaching out for another go  
Is this the truth I don't wanna know  
Picture the world with what's on your mind  
I'm all out of luck and I'm walking blind  
I'm all out of luck, and I'm walking blind

We won't give in were not the enemy  
One more lie that you couldn't see  
Come back in time when we used to smile  
We got too much to go another mile

And I see no evil in this lonely town  
And I hear no people coming around

And I'm reaching out for another go  
Is this the truth I don't wanna know  
Picture the world with what's on your mind  
I'm all out of luck and I'm walking blind  
I'm all out of luck, and I'm walking blind

So as the sun sets, and my life begins to fade  
Deep in the shadows we're hiding in the shade  
As the moonlight shines, dust begins to set  
Deep in the dark I see my silhouette

And I see no evil in this lonely town  
And I hear no people coming around

And I'm reaching out for another go  
Is this the truth I don't wanna know  
Picture the world with what's on your mind  
I'm all out of luck and I'm walking blind  
I'm all out of luck, and I'm walking blind

And I'm walking blind

And I'm walking blind
