"Bone Brigade"

Bring me torture
Drive rusty nails through my flesh
I believe in slaughter
I've grown horns upon my head

Bleed with the bonebrigade
The pleague of our time
Bleed with the bonebrigade
The pleague of our time

Flickering candles
Casting light over BLOOD-STAINED hands

Feeding the demons
Rip the flesh from my bones

Bleed with the bonebrigade
The pleague of our time
Bleed with the bonebrigade

The pleague of our time
Red lights flashing by
Another hour of my life
All alone in my rapture
Laying on the ground
