Through the lower levels
The road to hell is steep
The reaper is crawling me
To give it up for the final descent
Walking through the darkness
Shreds of light cast on bloody walls
Armageddon is what I see
Lidless eyes staring back at me

Diabolic...

This world is built of shadows
The calm before the storm ends
Emerge from the abyss
A creature from the very depths of hell
Flames is reaching higher
I choke on my own fear
In this crooked world exists no end
So vile the only place to die

I'm in doom this claustrophobic tomb

Through the lower levels the road to hell is steep
I'm in doom this claustrophobic tomb
Through the lower levels the road to hell is steep

I'm in doom, will I be buried in this tomb
Dying seems easy, I'm all out of air
My body is nailed to the ground

Diabolic...

Through the lower levels
The road to hell is steep
The reaper is crawling me
To give it up for the final descent
Walking through the darkness
Shreds of light cast on bloody walls
Armageddon is what I see
Lidless eyes staring back at me

Diabolic...
