With a pounding heart
Beating harder by the day
Slaving for nothing
I wanna change my way

I wanna scream out loud
I wanna change my way

I'm about to break
Work my fingers to the bone
One in a million
Yet so alone

I wanna scream out loud
I wanna change my way

I am a fool to blind to see
I'm a creature of the wheel
I will reach a point where I
When I put my foot down

I wanna scream out load
I wanna change my way
