I looked out my window,
The city was covered in white.
It was cut into pieces,
A puzzle with nothing inside.

And I thought of my cold heart,
Frozen, and binding my chest.
Grown tired of beating,
I knew I should give it a rest.

Well I'll be content with just waiting for now,
I take in this emotions while I figure out,
Where I'm going.
Oh, Where, I'm going.

Well I hope you found happiness,
I hope you found someone to hold.
Someone with direction, and a purpose,
To fit in your mold.

Oh right now I'm petrified,
Scare of what's coming my way.
I'm tied to the tracks, and I know,
That love is the train.

Well I'll be content with just waiting for now,
Take in this emotion while I figure out,
Where I'm going.
Oh, Where, I'm going.

The snow is melting,
And I breathe in deep,
Now that winter's over,
Can I find the spring?

The snow is melting,
And I feel my heart,
It's no longer frozen,
The beat can now start.

Well I'd be content with just waiting for now,
I take in this emotions while I figure out,

Where I'm going.
Oh, Where, I'm going.
Where, I'm going.
Oh, Where, I'm going.

I looked out my window,
The city was covered in white.
It was cut into pieces,
A puzzle with nothing inside.
