Sitting on the train,  
Staring at the empty seat in front of me  
Beneath the golden sky,  
Cities roll on by and I can't get no sleep

When I'm alone sometimes, I try to understand  
What things have meaning...  
And I despise myself, for being such a fake  
My mind goes on for miles and miles and miles and  
miles...

CHORUS:

Sail away, with the sea as my engine  
And the stars as my guide  
Sailing to the other side  
Sail away, with the sea as my engine  
And the stars as my guide,  
Sailing to the other side

On a starry night,  
Walking home in silence while the city sleeps  
I try to do what's right,  
But something in my nature's trying to ruin me

I look out to the sea, a thousand just like me  
Needing direction  
Just floating out of sight, into the failing light  
As if it's just the way my life is meant to be

CHORUS

I'm sailing to, to the other side  
I'm sailing to, to the other side  
I'm sailing to, to the other side  
I'm sailing to, to the other side  
(repeat in the background)

The sun goes down and I smile but it's just the same  
Summer is about to end  
And I don't know if it's gonna be alright  
Everyone's down, and the town, it's in decay

We're wasting our lives away  
And I don't know if it's gonna be alright
