You get me out of trouble  
As much as you can stay out of banging in  
If you lay in your bed  
Put lies in your head  
If he interrupts the feeling  
That he cannot comprehend  
Is me me me  
She put me out of trouble  
But I could not speak out without judge you  
If you just give up  
If you just give in  
Then you drink yourself to sleep  
And wonder where heâ€™s been  
Me me me me  
I do my very own thing in this day  
And I canâ€™t concentrate  
But if you just . in my ways  
I got a desire  
You wrote me on a Sunday  
Donâ€™t you wanna . if you donâ€™t need it  
If he only hands around cracking jokes and feeling  
down  
If you push your arms around me . leave me out  
Me me me me  
I do my very own thing in this day  
And I canâ€™t concentrate  
But if you just . in my ways  
I got a desire  
You keep me out of trouble  
As much as you can stay out of banging in  
If you lay in your bed  
Put lies in your head  
If he interrupts the feeling  
That he cannot comprehend  
Is me me me
