[Chorus]

Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound
Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound

My mission on opposition
Precision to stop the bitchin
And I'm itching to pop the question
Investin in more aggression
Confessin we need a lesson
So that pressin a smith and wesson
Aint nothing in competition
It's on
Rearranging and banging drums
Occasionally slanging tongues
Dropping like we was bombs
And hated like we was bums
Hoping that day will come
Cuz we screaming until we done
We looking to make a point that's real.

[Chorus]

Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound
Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound

I'm past due like oil changes yo I'm stacking up miles
You can cal me the orthodon'tist I'm perfecting ya

smiles
We keep performing these trials like I'm the reason u
free
But aint no javelin gon slam on these people like me
Some say a hand gun is a mans way to alter the truth
But I simply prefer to release 16 in a booth
I'm a ten in these shoes but they feel like an 8
My feet are packed more tight then a medicine crate
But I'm shedding this weight so I'm coming in cut
And I'm traveling more miles then a kenyan on foot
Or a dominion who put his common skills in a glove
Making minimum wage on some major league love

[Chorus]

Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound
Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound

YEAH, YEAH, YEAH

Who came to bang
We bang we bang
Yeah who cam to grind

Real dope, real smooth, real ill, real nice
Real cool when I walk like I'm built from ice
Real flow, real show, real chill, real talk
Real mean when I spit like incredible hulk

[Chorus]

Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound
Who told'em to bang loud
We told'em to bang loud
Who told'em to get down
We told'em to get down
It's AK coming through reinventing the sound
