Has are time together torn us apart? I thought we
wiped the sleight clean. A fresh start.
Its not hard just make it work. A you that hurt cause I
know you been threw worse.
But yes you turn around. Go back to him like you wan
the drama back in you life. I know I make it sound nice.
But try experiencing this in real life. Daily fights over
nothing. If she trying to get rid of me
why don't she say something.
My Gums aint bumping. Just trying got to speak My half.
But yet yall just don't know the half.
Wishing I could take it back to how it was real love
doesn't fade. I know I should know better but
I guess I'm in a daze.
I don't comprehend. All that talk about being forever?
Was that pretend?
You need to stop cause you know ill be there till the end
of dayz baby.

hey girl wont you come sit next to me dont let this pass
us by you and me eturaty, hey girl wont you come sit
next to me dont let this pass

us by you and me eturaty , now hey girl wont you come
sit next to me dont let this pass us by you and me
eturaty well fly together like 2

doves starting something new, i close my eyes at night
and all i think about is you(x 1)

Cant you see the tracks of my tears from sadness and
fear of you not being here. I worried some say

for some one who don't even care.
Got me sitting here dazing in a log stair. Thinking
about how I can get you back in my life.
Hoping you aint found someone else cause I still want
you as my wife.
Still shocked to the fact this happened over night a Lil
fight got us not talking for life.
But have I gone crazy? or is this how love made me?
how should I be behaving?

Put me threw all this just to end up being not shit. 10
years from now should I for get? wave and say hi like is
nothing?
Drop it like that? Why not be like that way back as in
right now?
But somehow my hearts going in two directions. One
wants you as my selection the other one saying
haven you learned your lesson?

hey girl wont you come sit next to me dont let this pass
us by you and me eturaty, hey girl wont you come sit
next to me dont let this pass

us by you and me eturaty , now hey girl wont you come
sit next to me dont let this pass us by you and me
eturaty well fly together like 2

doves starting something new, i close my eyes at night
and all i think about is you(x 2)
