I was used to being used. That was the norm till I went
crazy like Jim and rode out with the storm.

It broke my heart to watch her leave. But bet it was
something that I needed. I was stuck on a love truly
blind.

Cause it was a love that I never really had in fact. Felt
so cold but got the fire burning in my heart.

I desire a love that's gonna last not these hoes that
don't know how to act where to start couldn't
tell true love come at funny times. AS do the unfaithful.
Why she open that gate for how I get in the snake hole?
Just one question. Who you so fake yo?

I servin' em' soft. I scream I hate you. Looking back now
I meant every word that I sed. I love you so much and
you don't even treat me.

Just toss me away nothin. How'd you get so heartless.
How'd we get so far with this?

nothing left i done for got you you a cute bitch but i aint
talking about hot, i aint trying to hear it its just a big
cycle of me being

sweet and you going psycho, got a new girl now one i
want to spend my life and time with one to want to
make me wright a deep love song to

spit noting left i done moved on yea you a lil fine but
you just do me wrong its just a big psycho of me being
sweet and you going psycho

(x 1)

The way she do me aint nothing like you. I feel like I'm
feeling the breeze in the summer time. fuck you.

Me and her. Its so nice. So sweet.

Compared to her. You just a strait up creep and you
don't even keep it on the dl. All my niggaz can tell.

Well... Hell... I cant lie. Trying to find love in you is like
hunting a snip.

She my love in life. Got me loving life. Now I'm living in
it. What I wanted from the beginning.

It's a new day. New feeling, With her chilling at the park
getting chifed like bob marly.
Me think she do me wrong? not hardly. Its like we on
mount zion Living that good live G.
Now you like some Nikes and she like them Chucks.
Always stuck on me here to stay.
She my baby and I love her. Aint like no other that's
been with this south central thugster.

nothing left i done for got you you a cute bitch but i aint
talking about hot, i aint trying to hear it its just a big
cycle of me being

sweet and you going psycho, got a new girl now one i
want to spend my life and time with one to want to
make me wright a deep love song to

spit noting left i done moved on yea you a lil fine but
you just do me wrong its just a big psycho of me being
sweet and you going psycho

Nothing lefty to say I'm in mint condition. I keep the
pimping and my girl by my side. It feels me with pride.
This east-sider boy who had nothing she gave me her
all, Unlike you you just so fake. A lot girls look just like
you.
What ya click pass on them games? I done manned up
I'm tough, Sweet as fuck and nothing but when it
comes to the lady's
Little something special when it comes to her tho.
Cause she my girl. She there. She care.
Put a smile on my face when she come around here.
