You where the one talking about thug for life  
now you sitting at home with ya kids and ya wife  
im still keeping it g  
introduced me to the life of crime now you asking what  
the fuck is wrong with me  
saying the shot needs to stop you sounding like ya  
pops when we'd get suited and booted  
with the bandannas ready to do it  
13 and shit a young bad ass committing the crime and  
screaming prove it with the blunt in my hand  
feeling invensable just picking up that glock and  
popping off them shots  
drinking till we sober and talkimng about how we  
wanted to go out when we died  
couse i know deep down in they hearts they knew i  
would be the on who keep it alive  
couse it made me feel alive to have that thugging  
felling inside  
when from school text books to pulling out techs to  
thoe who gave dirty looks and getting fucked up  
and beating those up who wasent down on my block  
parranoid of the law if they chase me i wont stop i know  
im wrong in life and i skeem to get buy  
you got me in to this and now i dont know why

you lost that thugging feeling, ooo o that thugging  
felling, you lost that thugging feeling now it gone,  
gone , gone, wooo ooo o ooo ooo (x

my duty  
but look now how you do me stealing my shit to trade it  
to get your fix

to hit that glass dick thats some shit

wanting them to be a stranger so in the futcher he dont
