Layed back. Lost and lonely. Felling like I'm drifting.
Where's all my true hommies? Memory's and its just
left at that. Right handed player stepping up left on bat.
But who's next? Who lasts? Past made me grow cold
but it was a blast. Just a kid.
Not knowing if my life would be a paradise where
everything is lavish, or a pair of dice like I'm lucky to
have it.
I still dot know but when a good moment comes I grasp
it. Known for mashing like 195 proof. Spitting the truth
Only to lie in the end. Six feet deep. With the rest of my
friends.
Now is there truly time for thinking back? End up
slippin? Just trying to make it right.
The world is cold when come a time to forget. Better
yet not get in that position. Wouldn't they still be here?
Might of done some wrongs but no fears, no regrets.

Just a kid wishing for tomarro trying to see better days,
back then didnt relize it but them was the days I let
them slip I feel so ashamed

Just a g. Keeping it real. Bc give me that beat ill show
them how I feel.
Calvin crabtree still holding that top spot. We taking
over so let me reach your heart.

I'm trying to be that spark that reaches the world. Make
me do the best like when I'm with my girl.
They say I got heart but when do the pain stop. I'm just
trying to reach the youth. The proof, just listen.
Life sometime so hard but still I strive. Its my destiny.
I'm gonna survive. Trying to live life
To the fullest. And when I die,
Hope its from old age and not from a bullet. Fin to be
like one of the greatest. But I don't want to end up just
like them.
A true friend is what I am to thos who accept it. I count
my blessings cause its easy to keep track.
And when it come time to reminisce,

Wish I could laugh my past filled with pain.

Just a kid wishing for tommorow trying to see better days,
back then didnt realize it but there was the days I let
them slip I feel so ashamed
