my mind it feel so right girl when im with you, not  
feeling nicer when im with you, your love it gets me  
high girl when im with you,  
Damn girl its exciting when im with you (x 1)

She my girl. Been down for years. Stuck by my side  
when I lost my peers.  
Always there a supportive had.  
It puts pain in my heart thinking back how I used to do  
her.  
Just a confused boy headed down the wrong path. My  
parents died when I was young. had no guidance.  
no true plan in my life But she was always there to  
make it all right. it felt OK to cry.  
She used to take me by the hand we'd go on walks.  
Shed just talk with her soothing voice. Starring at  
me in my eyes. It felt so nice. Id make plans. mostly just  
to break them. couldn't get away from the streets and  
the  
pain in my life.  
I was so goofy cause she could just take it all away. I'm  
just surprised she still here to this day.  
I know she truly loves me. At least some one is  
watching out for me.

my mind it feel so right girl when im with you, not  
feeling nicer when im with you, your love it gets me  
high girl when im with you,

Damn girl its exciting when im with you (x 1)

When I felt I was at world end she took me in. not to  
mother me but to be my wifey. lost in my childish ways.  
Didn't know that's what she wanted but that's what  
we've become.  
If it wasn't for her id be in the slums. She aint no gold  
digger looking for money. Just a girl that understands  
and truly loves me,  
That hard to find. A woman with heart. Luck I met her in  
my youth. We've grown together. Gonna get old  
together.  
Aint nothing no better that this girl by my side. I know

many people who tried but they cant find it.  
I tell them it just comes. It don't go. Don't worry about  
them fakes stick with the right one and it will pay off  
bro.  
and to my girl i just want to let you know i love you  
thanks

my mind it feel so right girl when im with you, not  
feeling nicer when im with you, your love it gets me  
high girl when im with you,  
Damn girl its exciting when im with you (x 3)
