He gripped my hand like a vice because;
I stole her, a fox from a wolf,
It seems to me we're one in the same man,
We both have fallen short,
Time and time again.

And...

All I can do is make others bleed,
A prideful ego fire I'm eager to feed.

And they say I'm a good guy,
And they say I'm a good guy.

The worst comes out when I'm alone,
I think I'm hiding, but you've always known,
Can you meet me in that place,
When I'm too ashamed to show my face?

And...

All I can do is make others bleed,
A prideful ego fire I'm eager to feed,
And they say I'm a good guy,
And they say I'm a good guy.

And...

All I can do is make others bleed,
A prideful ego fire I'm eager to feed,
And they say I'm a good guy,
And they say I'm a good guy.
