We come to be with You, come and bring You
Our attention, our affection
We're here to be with You, here to bring You
Our offering, here in this place

Deep inside our hearts
We wanna scream it out

You are God, You are God
We were made for You, just for You
You are God, You are God
We will live for You with everything we do

You are God

God of creation, You came from heaven
You became a man, bringing hope again
You laid Your life down, took all of our sin
Nailed it to the cross, where You paid it all

Now we bow our hearts
And stand in awe

You are God, You are God
We were made for You, just for You
You are God, You are God
We will live for You with everything we do

There is no one like You
You are the only truth
In a world that's so confused
There is no one like You

There is no one like You
You are the only truth
In a world that's so confused
There is no one like You

You are God, yes, You're God
We were made for You, just for You
You are God, You are God
We will live for You with everything we do

You are God, You are God
We were made for You, just for You
You are God, You are God
We will live for You with everything we do

You are God
