When my head is spinnin round  
This whole world has brought me down  
There's one thing I know  
When my life is screamin loud  
I look up towards the clouds  
Your grace lets me know  
Your grace here lets me know  
I'm alive because you said  
I could believe  
I'm not alone because your  
love is everything I need  
When my world comes crashing down  
There's just one thing I've found  
You are You are my everything  
With everything ounce of my soul  
I wanna let you know  
It's in you I'm found  
With every beat of my heart  
I know that you're giving me a start  
One that is brand new  
Now I'm calling out to you  
I'm alive because you said

I could believe  
I'm not alone because your  
love is everything I need  
When my world comes crashing down  
There's just one thing I've found  
You are You are my everything  
my everything  
In my day you're everything  
In my night you're everything  
In my world you're everything  
In my heart you're everything  
In my soul you're everything  
In my life you're everything  
I'm alive because you said  
I could believe  
I'm not alone because your  
love is everything I need  
When my world comes crashing down  
There's just one thing I've found

You are You are my everything  
my everything
