Dearly Beloved Love muffins  
We have gathered here today in a way we have never  
gathered here before  
It's time to Kiss, Kiss Dammit  
Now get yo' asses on the floor

Verse 1:

I don't care who's wrong tonight  
I just wann make it right  
Rather tell you eye to eye  
Ooo, I love it when we fight  
Cause we get to make it right  
Rather tell you eye to eye

So get up off this phone and come on over  
Gonna turn you out  
Mmmm, baby  
Stop playing on my phone and bring it over  
Gonna make you scream and shout  
"Oooo, Hallejuâ€¦!"

Hook:

I don't care whose right or wrong  
I just want you all night long  
Rather tell you face to face  
Baby come on make yo way to me  
Rather tell you face to face

Lip to Lip  
When we Kiss, Kiss
