(crying)

woah oh with a nigga like me woah with a nigga like me

love before you fuck her before you fuck her she
begged me she gave me all her pills now my back
hurts, ooh she lost control

now she pleading she on the floor, she on the floor
baby got her pleading she on the floor, she on the floor
she said it won't be long before she falls outta love,
she said it won't be long before she falls outta love

sandpaper kisses papercut bliss don't know what this is
but it all leads to this you're gonna leave her you have
decieved her well i'm just a bird (just a bird)

now you're pleading she on the floor, she on the floor
she said it won't be long before she falls outta love, it
won't be long before she falls outta love.

knew) her you have decieved her and i'm just a bird,
