Whoa, with a nigga like me...

[1st Verse]

She said please, mercy me, mercy me  
Let me fall outta love, before you fuck her, before you  
fuck her  
She begged me, she gave me all her pills  
Now my back hurts, she lost control

[Hook]

Now she begging, she on the floor, she on the floor  
Baby got her pleading, she on the floor, she on the  
floor  
She said, it won't be long before she falls out of love  
Won't be long before she falls out of love

[Bridge: Martina Topley-Bird]

Sandpaper kisses, papercut bliss  
Don't know what this is, but it all leads to this  
You're gonna leave her  
You have deceived her  
You're just a bird

[Verse 2]

Just a bird, tried to kiss you  
But you never let me miss you  
But you never let me miss you  
I thought I told you  
I'm not him, I'm not him  
What you did, nobody forced your hand  
And don't you fall for a nigga like me, I begged, I  
begged

[Hook]

Now you're pleading, she on the floor, she on the floor  
Now you're pleading, she on the floor, she on the floor  
She said "it won't be long" before she falls out of love  
It won't be long, before she falls out of love

[Bridge]
