I just wanna take you there
He don't gotta know it
Does he touch you there like this
Lemme taste the friction from your lips
And ima love you girl
The way you need
Aint no one will stop us
Aint no one will stop us
And ima give you girl what you fiend
I'm the drug in your veins
Just fight thru the pain

(Chorus)

He's what you want
He's what you want
He's what you want
He's what you want
I'm what you need
What you need
What you need
He's what you want
He's what you want

He's what you want
He's what you want
I'm what you need
What you need
What you need

I've got everything you want with me
I'll do everything he does times three
And he don't gotta kno
I got you on the floor
Doing things you've neva thought you'd do
Baby leave the high heel shoes
Cuz I love it when you break it down on me
Lookin up at you
And I don't give a damn shorty
Watch me knock your boots off

And ima love you girl the way you need
Aint no one will stop us

Aint no one will stop us

(Chorus)
