I know you want your money  
Because you do this every day  
The way you doubt your feelings  
And look the other way  
Well, it's something I relate to  
[?]  
Nobody's had to leave me far behind  
For this amount of time

I'm not a fool  
I just lie back to get inside  
I'm not a fool  
I'll just lie to you

If you to tell me how to feel  
What nobody ever learned  
You'll tell me how to learn  
What nobody ever knew

I know I should leave you  
And learn to mistreat you  
Because you belong to the world  
I want to embrace you  
Domesticate you  
But you belong to the world

I know that I'll say too much  
Even though I've got to hold my tongue  
[?] the lonely nights [?] until the topic's done  
[?], you've been the only one to make me smile  
It's so wrong, I've succumbed to what I've become

I'm not a fool  
I'll just lie back to get inside  
I'm not a fool  
I'll just lie to you

If you to tell me how to feel  
What nobody ever learned  
You'll tell me how to learn  
What nobody ever knew

I know I should leave you  
And learn to mistreat you  
Because you belong to the world  
I want to embrace you  
Domesticate you  
But you belong to the world
