And besides
Maybe I don't want you
For your mind
Can't decide

Concise, Professional
I take my advice from the manual
I don't waste time in confessionals
I don't take handouts
But my hands stay full

You gotta make that first impression count
Show you what it's all about
I just don't wanna waste my time

Chorus:
The left side of my brain
Is telling me that I'm way
Too unlike you, But I like you
And besides
Maybe I don't want you
For your mind
Can't decide
And besides
Maybe I don't want you
For your mind
Can't decide.

I'm polite
This will be consensual
Bur my love is conditional

So don't strike out
When the count is full
When the pressure's on
You better get what you came for

Read back through the red back hymnal
In search for anything subliminal
Instead of writing down something scriptual
I wrote a proper hook and still had time for tea

Chorus

Make it align,
Make it align,
Make it align,
Don't waste my time,
Make it align,
Make it align.

Chorus
