"Strings Of My Heart"

Visit "[Strings Of My Heart](#)" on MotoLyrics.com

Stay now and softly play
The strings of my heart
Don't break my heart tonight
Don't leave me when I cry
Stay now and softly play
The strings of my heart

I want you by my side
You make me feel alright
And let the fiddler play
On the strings of my heart
And let the fiddler play
On the strings of my heart

Don't break my heart tonight
Don't leave me when I cry
Stay now and softly play
The strings of my heart

I want you by my side
You make me feel alright
And let the fiddler play
On the strings of my heart

Don't break my heart, oh no
(Don't break my heart)
(Don't break my heart)
(Don't break my heart)

I want you by my side
You make me feel alright
And let the fiddler play
On the strings of my heart
And let the fiddler play
On the strings of my heart
