Pretend you haven't just met me
Formalities put me to sleep
Don't make me take this nice and slow
I wanna know what they don't know

I wanna take a secret
And try real hard to keep it
Take a bad habit to adopt and not adapt it

I wann see you disheveled
I wanna know how you train wrecks

Chorus:
There was no prevention
To see you through a different lens
Ooh, I couldn't fight it
Ooh, I kinda liked it
Saw you in a dirty shirt
I caught you doing dirty work
Ooh, I couldn't fight it
Ooh, I kinda liked it
Learned of you intentions
And realized what you really meant
Ooh, I couldn't fight it
Ooh, I kinda liked it
This may be unnatural
I saw you with another girl
Ooh, I couldn't fight it
Ooh, I kinda liked it

We stripped it all down to the bone
Your skeletons are not alone
I let mine out to roam and they met mine
I think they danced all night

I'll dig the dirt from the back of your head
And hide it in my fingernails instead
I wanna take a secret
And try real hard to keep it
I'll take a bad habit to adopt and not adapt it

I wanna see you disheveled
I wanna know how your train wrecks

Chorus

Let no context be misread
Say things that are better left unsaid
Forego the foreplay and the bed
Oh baby please don't make me beg

Don't make me beg

Chorus
