## "Burn It Down"

Visit "[Burn It Down](#)" on [MotoLyrics.com](http://MotoLyrics.com)

If you're feeling like I feel  
Then run your life like it's a dance floor  
And if you need a little heat in your face  
That's what I'm here for

If you're chilling in the dark  
And you're looking through a telescope  
You will see me sipping  
On a soul of a new hope

So burn it down, burn it down  
So burn it down, burn it down  
So burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down  
Yeah, come on, yeah

If you're feeling like I feel  
Throw your fist through the ceiling  
Some people call it crazy  
Well, I call it healing

If you need love, turn around  
Do the helicopter  
If you're sick, baby girl  
I would love to be your doctor

So burn it down, burn it down  
So burn it down, burn it down  
So burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
Baby, burn it, burn it down  
So burn it down

Looking through a window made of time  
Would you have the courage not to lie?  
Looking down the barrel of today  
Would that make you turn around and stay?

Looking through a window made of time  
Would you have the courage not to lie?

Down, burn it down  
Hey, burn it down, burn it down  
So burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
So burn it down, burn it down  
So burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down

Burn it down, burn it down  
Baby, burn it, burn it down  
Burn it down, burn it down  
Baby, burn it, burn it down  
So burn it down
