Gotta keep it moving
You know I feel responsible
Ever since I met you
I noticed I'm invincible

I know you like it groovy
You know I'm bored with rock and roll (whoa)
Now that I'm improving (yeah)
They say that I have lost it all (ooh)

We're hanging by the shoestrings
The ones we love are holding
We're skin and bones and open
It's where we're going
Not where we came from

I have your attention
'Cause anything is possible
I swear that my intention
Is nothing short of probable

You think that I'm conceited
But maybe I'm just miserable
Now that I'm improving
They say that I have lost it all

We're hanging by the shoestrings
The ones we love are holding
We're skin and bones and open
It's where we're going
Not where we came from

The ones that we love
Are the ones that we hurt
I said the ones that we love
Are the ones that we hurt
I said the ones that we love
Are the ones that we hurt
The ones that we love
Are the ones that we hurt

We're hanging by the shoestrings
The ones we love are holding
We're skin and bones and open
It's where we're going
Not where we came from
