Crazy baby, the spirit of the motion  
Dont wont let me feel devotion, and every day  
I'll always love you  
Baby, so let me see the fire  
Better step a little higher  
And every day i keep on moving

Baby... your always on my mind  
So darlin' ... i miss you every time  
Hey hey baby baby i feel the motion  
To hold me lady and i will always miss you darlin' i want  
you laughing you left me crying  
Our secret love.....

Crazy baby, the spirit of the motion  
Dont wont let me feel devotion, and every day  
I'll always love you  
Baby, so let me see the fire  
Better step a little higher  
And every day i keep on moving

[how i live within you x2]

Dont play... dont play my will my heart  
But sometimes  
We couldnt fight to start  
Hey hey baby baby your better with me  
My dreams will hold you, and i will love you  
Miss you darlin' i want you laughin you left me crying  
Its not enough...

Crazy baby, the spirit of the motion  
Dont let me feel devotion, and every day  
I'll always love you  
Baby, so let me see the fire  
Better step a little higher  
And every day i keep on moving

Baby, the spirit of the motion  
Dont let me feel devotion, and every day  
I'll always love you  
Baby, so let me see the fire

Better step a little higher  
And every day i keep on moving x2
