When the morning
come come
I'm dancing like you're dum dumb

And when the groove
is high
When dummies jump
to sky

If you feel the groove groove
The dummies have to move move

Can you feel the beat?
The beat? The beat?

You never tell me what is wrong
Cause now it's time to be alone

Let me love you everyday
So long you let the dummies play

Dance to the beat.
Dance dance to the beat.

Dance to the beat.
Dance dance to the beat.

We only have to dance.
Do dummies fall the trance

If you feel the groove groove
The dummies have to move move

Can you feel teh beat?
The beat? The beat?

You never tell me what is wrong
Cause now it's time to be alone
