Like towers falling down
Like a bomb blast in your town
(Ahhh)
Like a hostage tied in chains
(Ahhh)
I could not forget your name

"Destroy" she said, my love again
The end will come quickly
Don't try again, to make amends
You'll just end up sinking
If you explode in aftermath,
Don't think you've been dreaming
"Destroy" she said, my love again
When it's not worth keeping

Like a helicopter crash
(Ahhh)
Like a ghetto that's been smashed
(Ahhh)
Like bodies on a battlefield
(Ahhh)
I can't live with how you feel

"Destroy" she said, my love again
The end will come quickly
Don't try again, to make amends
You'll just end up sinking
If you explode in aftermath,
Don't think you've been dreaming
"Destroy" she said, my love again
When it's not worth keeping

(Ahhh)
Not alone and not apart
You finish what you could not start
(Ahhh)
In the corners of the day
You catch my eye and look away
(Ahhh)
What a generous remark you made
(Ahhh)

When you blew it all away
(Ahhh)

"Destroy" she said, my love again
The end will come quickly
Don't try again, to make amends
You'll just end up sinking
If you explode in aftermath,
Don't think you've been dreaming
"Destroy" she said, my love again
When it's not worth keeping

"Destroy" she said, my love again
The end will come quickly
Don't try again, to make amends
You'll just end up sinking
If you explode in aftermath,
Don't think you've been dreaming
"Destroy" she said, my love again
When it's not worth keeping
