Since you looked past my way
I got a feeling you want me to stay
You got a look in your eye,
It takes me to paradise
Get through emotions like you
Show you the world with my eyes in two.
Come on and follow me now to a place of harmony
get through emotions like you
show you the world with my eyes in to
Come on and follow me now to a place of harmony

I feel the stars inside my heart
whenever you want me I'll be there
I feel the stars inside my heart
whenever you need me I'll be there
I feel the stars inside my heart
whenever you want me I'll be there
I feel the stars inside my heart
whenever you need me I'll be there

I'll be there
Come on and follow me now

this is the heart beat
whenever you want me I'll be there
whenever you need me I'll be there

get through emotions like you
show you the world with my eyes in to
Come on and follow me now to a place of harmony

I feel the stars inside my heart
whenever you want me I'll be there
I feel the stars inside my heart
whenever you need me I'll be there
I feel the stars inside my heart
whenever you want me I'll be there
I feel the stars inside my heart
whenever you need me I'll be there

I'll be there
Come on and follow me now

Come on and follow me now
