

Nightcore "Life Is A Mystery"

Visit "[Life Is A Mystery](#)" on MotoLyrics.com

Watch the clouds up in the sky,
In the distant heaven shaping all around,
Play like children running down the yellow fields,
Having fun reminding small and simple things.

Try to stop the flow of time
Life's a mystery
In heaven, there's no other place to be,
Yes I wanna be in peace,
It's the dream inside of me.
Oh I wanna be in heaven,
There's no other place to be,
Yes I wanna be in heaven,
Live in peace and harmony,
Life's a mystery (x2)

Enter the rainbow in your mind
Colour all the love like when you were a child
Shaping all the things like they have never been
Make your dreams come true, and this will set you free,
Chorus
