I've been caged by you for such a long long time
You had your own particular way to fill my mind.
With low esteem regarding myself, So I kept me hidden
within my shell
And it took so long for me to see how the more
ashamed you were to me

Look at me now I'm stronger than before
Cause I found the strength within myself to close the
door
And I close the door for you to ever come inside again.
Trying so hard to keep me sheltered from your kind of
men.

I've been blind and foolish, but I was just a girl.
Seduce me with your lies and promised me the world.
Now I've had it with you and your twisted games
And no longer will you make me feel so ashamed
I've found the power to open the cage
I left you behind me, I turned the page.

Look at me now I'm stronger than before
Cause I found the strength, within myself to close the
door
And I close the door for you to ever come inside again.
Trying so hard to keep me sheltered from your kind of
men
Look at me now!

I've been caged by you for such a long long time,
You had your own particular way to fill my mind.
With low esteem regarding myself, So I kept me hidden
within my shell
And it took so long for me to see how the more
ashamed you were to me
Look at me now!
Look at me now!

Sometime ago I walked away,
You thought I'd never be the same
I recovered on my own
Without you now I'll carry on.

Look at me now I'm stronger than before
Cause I found the strength within myself to close the
door
And I close the door for you to ever come inside again.
Trying so hard to keep me sheltered from your kind of
men
Look at me now I'm stronger than before
Cause I found the strength within myself to close the
door
And I close the door for you to ever come inside again.
Trying so hard to keep me sheltered from your kind of
men...
