Hold my hand  
Lets chase the sun  
We both know something begun  
Nothing feels that real without you

Want to learn so much about you  
Shining star ive seen your face  
And anything fall into place  
Nothing else,seem no matter  
Ya bring me to life

So Lonely,wont you show me  
where i need to be  
Ya bring me to life

Feels like the raindrop from my skin  
You reaching somewhere deep within  
You make my body come alive

I whisper the chance you never knew  
I cant believe it tonight iam here with you  
You make my body come alive  
(Ya bring me to life)  
Feel like the raindrop

Feel like the raindrop(8x)

See it burn in my eyes  
Dont want word,dont want no lies  
Face anymore then word are spoken  
Promise allways be broken

So lonely,wont you show me  
where i need to be  
Ya bring me to life

Feel like the raindrop from my skin  
You reaching somewhere deep within  
You make my body come alive  
ya bring me to life

I whisper the chance you never knew

I cant believe it tonight iam here with you  
You make my body come alive

Feel like the raindrop(8x)  
Ya bring me to life

Feel like the raindrop from my skin  
You reaching somewhere deep within  
You make my body come alive  
ya bring me to life

I whisper the chance you never knew  
I cant believe it tonight iam here with you  
You make my body come alive

Feel like the raindrop from my skin  
You reaching somewhere deep within  
You make my body come alive  
ya bring me to life

Feel like the raindrop(8x)  
Ya bring me to life
