Sending S.O.S.
Sending S.O.S.
Sending, sending, sending, sending, sending S.O.S.
Sending S.O.S.

I call out loud to make you see
This is for real, you are special to me
Words you might know, to hello we care
I'm very solid, and it's too much to bear

Sending S.O.S. to save my love
I send it to the stars
For you and me to bless
Sending S.O.S. to save my love
I send it to the stars
For you and me to bless
Sending S.O.S.

Sending S.O.S.
Sending, sending, sending, sending, sending S.O.S.

So many times, my heart was sorry
The price was a life, the rest of me pale
Words you might know, to hello we care
I'm very solid, and it's too much to bear

Sending S.O.S. to save my love
I send it to the stars
For you and me to bless
Sending S.O.S. to save my love
I send it to the stars
For you and me to bless
Sending S.O.S.
