When I saw him on the corner  
Then I knew that I was a goner  
I've had it, yeah, I've had it

When you say that I should phone  
Then I do and there's nobody home  
I've had it, yeah, I've had it

La, la, la, la, la, la, la, la  
La, la, la, la, la, la, la, la  
I've had it, yeah, I've had it

When you say that you'll keep a date  
Then you show up two hours late  
I've had it, yeah, I've had it

When you say that I should phone  
Then I do and there's nobody home  
I've had it, yeah, I've had it

When I saw him on the corner  
Then I knew that I was a goner  
I've had it, oh you don't know,  
But I've had it, yeah

La, la, la, la, la, la, la, la  
La, la, la, la, la, la, la, la  
I've had it, yeah, I've had it
