Written by Louise Goffin.

There's something good in the air today
Guess something good has to come my way
Look how the sun shines on the boulevard

I'm so glad you got nothing planned
I know a place out by the sand
Sometimes you got to let go and be off your guard

Sooner or later you got to feel the wind blow
And we got time to make it right
Come on and meet me
When the sun goes down
Nothing for miles around
Rockin' on the strand

Times have changed just like you knew they would
Your girl don't treat you like you know she should
And there ain't no joy, you get for free

But if you come and see the night boats sail
I know our love can never fail-
I'll be waiting for you
I hope you'll be there for me

'Cause sooner or later you got to feel the wind blow
And we got time to make it right
Come on and meet me
When the sun goes down
Nothing for miles around
Rockin' on the strand tonight

Sooner or later
You've got to hear your heart cry
But we've got time
To make it right . . .
