He's only gonna break my heart
He's only gonna make me cry
He says he wants me (what does he love me?)
As I watch him walk on by

He only leaves me standing
Leaves me empty-handed
There's no time for running
He'd really wants to dance

For those uptown boys, they got stallion
Uptown boys make me hellion
Uptown boys never will come down

Where I put all my best chance for you (best chance)
To letting know what I adore you (I adore you)
A face of that I'm something special
If I don't get and someone else will (someone else will)

I'll do all I can
I'll try to understand wrong
There's no time for running
He'd really wants to dance

For those uptown boys, they got stallion
Uptown boys make me hellion
Uptown boys never will come down

Something in the way he wants
In the things he will say when he talks
I can't ever (I can't ever) walk away alone

We're going uptown
We're going uptown
Uptown boys, they lovers don't touch
Uptown boys, they talk too much
Uptown boys, all you lovers
Sitting over there in the corner
They're uptown boys
Uptown
We're going uptown

We're going uptown
We're going uptown
