

## Childish Gambino "Difference"

Visit "[Difference](#)" on MotoLyrics.com

Niggas wanna have some, all I want's to have it all  
They wanted something different, nigga problem  
solved  
Drunk off the high life, death is when I'll sleep it off  
Life's a hangover and this rapping shit's my Tylenol  
I could call any girl in my phone right now  
Have a pillow in her mouth watch her bite down  
She like me cause I'm flier than a kite now  
It's funny how I get these write ups on what I write down  
Chick on my left arm, she could write The King And I  
I'd rather die the truth, these niggas live a lie  
Dressed like a gentleman, my mouth is never civilized  
See me as a hero, use my little brother's eyes  
Always do me like I love self portraits  
Now these fake niggas say hay like horse shit  
People treat me different but I'm still the same person  
I don't know what it means, I just know that it's worth it  
I know I'm not perfect, but I am original  
Wallet stay healthy, vitamins, minerals  
Gotta feed the bitch right, stuff her full of spinach  
Facebook messages asking how I did it  
No time to respond, time is money, life's a debit card  
Spend it on the right shit, these bitches want you  
overdrawn  
Drake with dyslexia, I have gone so far  
My life is a green light, I always try to go hard

I am just different

I am so different, the games on lid eye  
Listen to my mixtape, change your all shit up  
Salad backstage, I just wanna eat alone  
Crowd at my shows more mixed than Rashida Jones  
Haters say I'm changing, but I haven't changed at all  
Indie kids saying that I ruined all their favorite songs  
Hood niggas sayin' that I'm whiter than that Colgate  
Hatin on my progress, I'm a long ways from Bro Rape  
Black Clark Kent, all I needs a Lois Lane  
But let her spend the night once and watch her go  
insane  
Voice mail, E-mail, sending text message  
We are not engaged just because I made breakfast

Believe me you don't want this, I am all about business  
Life is a bitch, I must be dating her sisters  
Got to be different, take chances like pictures  
Emerge victorious, stunt on y'all bitches  
I'm not at the top, but y'all niggas know I'm comin' fast  
Rap will change after me, all of this will come to pass  
Rappers start to use real instruments and shit  
Niggas start to copy me, dumb it down and make it rich  
I am not a novelty, just the first to do it different  
I have always been this good, you were just laughing  
too hard to listen  
Got my career overnighted, maybe you should order  
one  
Springsteen this city cause this city we were born to run

I am just different
