We finally made it
And now we sailin'™
I never dreamed we'd get this far
My heart keeps asking
How did it get so wonderful? So wonderful
How did it get so wonderful? So wonderful

[Verse 1: Childish Gambino]

You can call the shots, I'm going to my aunt's house
What's it all about? Lookin' like I'm Millhouse
What's it all about? I ain't get my bike back
I ain't get my bike back, I know where he live at
I know what he look like, I know what I live like
Five to a bed, head to toe, that's a good night
Five to a bed, head to toe, with the fan on
I don't think these other niggas know what your man on
I used to have to sneak just to get my food
Free lunch made it feel like they don't approve
Sell a card for a dollar used to be the mood
I wanna be Jabari man that nigga cool
I wanna lash out nigga keep your cool
All my friend did was draw something now he outta school
~Cuz everything was always ~Show me what you're made of
And everybody knew somebody who was laid up
I didn't need it, momma said it's a lesson
Some people will never like you
Don't let 'em catch you stressin'
You know a code's a code, the world can't stop 'em
Eating out rat holes and Cheerios boxes
This nigga think he hot shit, he think he good at everything
I just didn't wanna get left out more
My little sis' mom got shot, she in the newspaper

Prayers couldn't save her, she died a day later
Like my cousin got the HIV
When she bust the leg open playing jump rope
Should I tell them kids what the fuck's up?
They gone judge her and me
Man fuck them, we livin', all is forgiven
I fucked up royally
But now that's who we are man you gotta use the
royal "we"
This is royalty, and this is all I ever wanted 'cuz
