your face, your style, your kiss, your smile  
all the puzzle pieces i've been missing  
no man alive could walk on by  
won't even try it  
'cause there's no resisting you

you've been a long time coming around  
thought i was lost but now i'm found  
you're like the final piece of the jigsaw puzzle  
i've been waiting for all my life

baby you make it better  
now my cinderella's got the slipper that fits  
and i know this is it  
'cause this jigsaw sure looks right

to think that i could ever find  
anyone better baby who am i fooling?  
i missed all the signs, blew so much time  
i only found you when i stopped looking

you've been a long time coming around  
thought i was lost but now i'm found  
you're like the final piece of the jigsaw puzzle  
i've been waiting for all my life

baby you make it better  
now my cinderella's got the slipper that fits  
and i know this is it  
'cause this jigsaw sure looks right

and even though sunshine fades  
there's nobody could ever take your place

you're like the final piece of the jigsaw puzzle  
i've been waiting for all my life

baby you make it better  
now my cinderella's got the slipper that fits  
and i know this is it  
'cause this jigsaw sure looks right.
