Moonlight draws your colors in the dawn
While the sound of silence in the wind
Fills like an empty song

As the rain begin to fall down
Like a million tears
And the heaven shining through the clouds
Girl, I can feel you here

Don't you ever loose me, I could never loose you
Can't you feel?
We are love
Like the Earth and ocean
We're the same devotion you and me
We are love

Je t'aime, mi amor, io ti amo, we are love
Adoro te, tutto al mondo, we are love

Sunlight burning deep into the eyes
And it blinds the sadness of a tear
So we can see the sky

When you ever feeling lonely
And love's get you down
Hear the beat in whispers of my heart
I know you've come around

I will always need you
If you aver need me, can't you see?
We are love
Like the Earth and ocean
We're the same devotion you and me
We are love

Je t'aime, mi amor, io ti amo, we are love
Adoro te, tutto al mondo, we are love

Lift you hands, let's your feelings rise
We're like a river flowing to the sea
You and me

Je t'aime, mi amor, io ti amo, we are love (we are love)
Adoro te, tutto al mondo, we are love [x2]
