Look into the stranger's eyes
Eyes filled with lust
Eyes filled with love
Turn into eyes filled with hate

Open your new eyes
See the new world
Reborn eyes tell no lie
Reborn mind
Uh! Ah!

There's a reptile's tongue
Behind the lips of a queen
The truth and beyond
Through the green
Could never live just for the virtue

Open your new eyes
See the new world
Reborn eyes tell no lie
Reborn mind

Open your new eyes
See the new world

Open your new eyes
See the new world
Reborn eyes tell no lie
Reborn mind

Open your new eyes
See the new world
Open your new eyes
See the new world
Reborn eyes tell no lie
Reborn mind
