"Winter Dream"

Berries and salmon
Oh the milk and honey
Mother earth
Embrace so sweet so sweet

I sleep and sleep
Through the whole winter
As the sun comes back
The warmth wakes me up

Feel the seasons changing
The greatest wisdom
Waits me in the big sleep

I sleep and sleep

Through the whole winter
As the sun comes back
The warmth wakes me up

I sleep and sleep
Through the whole winter
As the sun comes back
The warmth wakes me up

Winter dream
Embrace so sweet
Winter sleep
