Looking down the road where I've been
Can anything last forever
Still I take my chances
Looking for the answers
I need somebody oh
I think I'm falling for love

And the morning here it comes
And I'm lying next to you

Don't ask me why
Don't ask me why
I told you once before that I don't know
Don't ask me why
Don't ask me why
I told you once before that I don't know

What is this road we call life
Can you tell it to a dreamer
Maybe there's a reason
You and me together
I need somebody strong
I think I'm falling apart

And I'm too tired to pretend
Can I see you once again

Don't ask me why
Don't ask me why
I told you once before that I don't know
Don't ask me why
Don't ask me why
I told you once before that I don't know

Maybe I should stay up for a while
(Maybe I maybe I)
Paint a picture Van Gogh with a smile
(Maybe I maybe I)
And you could play with this puzzle

Don't ask me why

Don't ask me why
I told you once before that I don't know
Don't ask me why
Don't ask me why
I told you once before that I don't know
Don't ask me why
Don't ask me why
I told you once before that I don't know
Oh oh oh oh
I told you once before that I don't know
